

Dear Lord, hear our school,

In this quiet moment, we're *planted* like a seed,

All of us need care to grow into a **tree**.

All equal but all different, we work **together** in peace,

Guide us in how to live our lives with **respect** and dignity.

Help us to **encourage** those around us to *grow*.

Give us strength in difficult times, our **endeavour** to show.

The biggest tree even starts a shoot and then a leaf,

We can do fantastic things, give us the **self-belief**.

Amen
